# Hiking and Trekking

**Explore the mountains of Kyrgyzstan from the most scenic points**

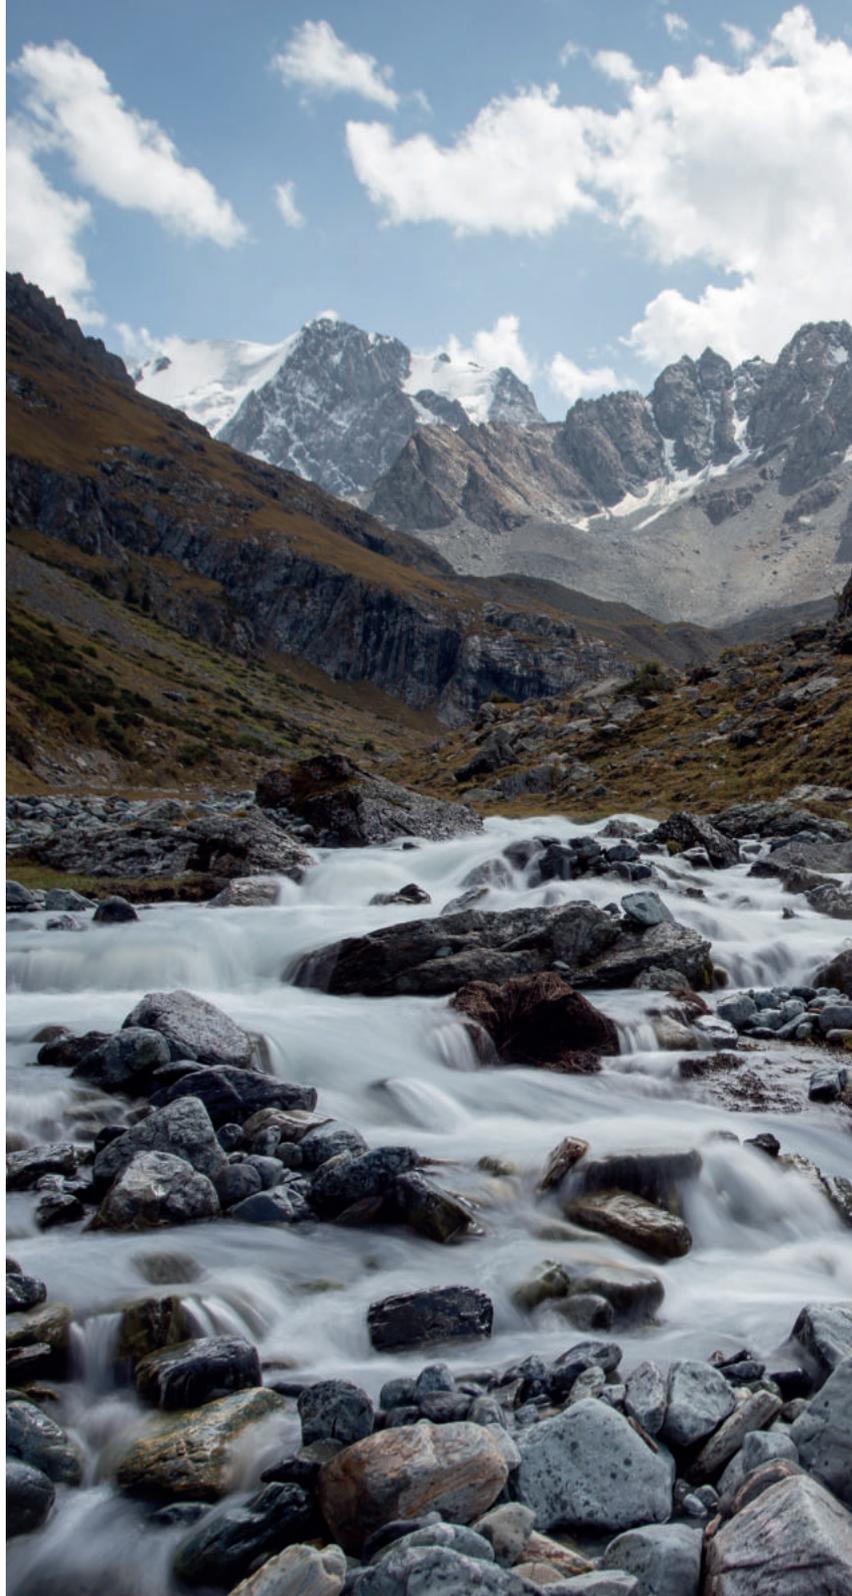

Kyrgyzstan's mountains are one of the largest in Central Asia, and your trip would be incomplete without a hike in the Tien Shan Mountains. We invite you to experience the beauty of hiking with one of our tours. Visiting places which are often accessible only on foot, you will learn about the flora and fauna while enjoying the fabulous nature, alpine lakes, colorful rocks, waterfalls, cold and fresh streams and mountain rivers.

Hikes range from 2-3 day easy hikes to multi-day more challenging ones. Every adventurer will find the best option for themselves, matching their preferences.

We know how to meet our guests! That is why, together with our partners we provide the best service to make your trip safe, memorable, stress-free and without stress and anxiety. If you want to change some itineraries in your chosen tour, you can contact our team online or visit our office in Karakol. We will do everything possible to develop the best itinerary for you according to your wishes.

In connection with COVID-19 to ensure the safety of its guests Karakol Destination and its members comply with all sanitary rules and regulations.

Note: By choosing us, you are helping to develop tourism in Karakol and the region. Our members and partners provide all tours. We do not add a commission to the tours. A significant part of the earnings from these tours goes to support Destination Karakol and its work as a social enterprise that participates in community activities and supports tourism development in the city. Thank you!

## Tracks around Karakol

### Immerse yourself in the Tien Shan Mountains

Karakol is surrounded by stunning natural scenery.

Turquoise waters of alpine lakes give way to shimmering glaciers and lush mountain pastures, passes and valleys. The snow-capped peaks of the Terskei - Ala-Too reach more than 5,000 meters, giving desperate hikers a glimpse of the skies. Hiking enthusiasts will learn that some of the best mountain trails in Kyrgyzstan originate in Karakol, and for everyone has something different - the trails are designed for every skill level, different lengths, and for every season. You can find a trek that meets your desires - from day hikes in coniferous forests close to town to seven-day hikes up to Karakol Peak (at 5,216 meters). Even better, if you're already planning a hike, it means you're already ahead of many others:

Nevertheless, Karakol is still an undiscovered market, and you will be one of the first hikers to hike hundreds of miles of marked trails in the region, some of which have only recently been developed and open to hikers.

You have the opportunity to hike unexplored trails region, as fewer and fewer hikers are choosing individual tour that you will remember for many, many years to come. Leaving the city of Karakol, you can enjoy the vast open landscape, where you will almost never see other people, except for a few shepherds and, their herds, of course. An unprecedented combination of unspoiled beauty and magnificent scenery and the huge range of trails makes this region simply unique.
